# Engage! Desktop

The personal desktop environment application for NEXTSTEP™

Introducing Engage! Desktop, the desktop environment for managing and personalizing your NEXTSTEP workspace. Engage! Desktop lets you place applications, documents and folders directly on your computer's desktop, or within one or more "docks" for fast and convenient access. Engage! Desktop gives you the freedom to organize your workspace the way you want—no restrictions, no limitations!

Desktop NEXTSTEP Users

- Position free-standing icons anywhere on your computer's desktop.
- Create multiple named docks to group apps, documents and folders.
- Drag-and-drop files directly onto folders you've docked or placed on your computer's desktop.
- Navigate your network file system without bringing up a Workspace Manager File Viewer.
- Auto-launch applications and open documents on startup.
- Design a personal information system using NoteBook's Bookmarks and Page Bundles.
- Built-in screen saver utility.

Mobile NEXTSTEP Users

- Manage multiple applications on NEXTSTEP computers with smaller desktop screens.
- Place applications, documents and folders anywhere on your computer desktop or within one or more docks.

- Access floppy disks and other storage devices directly from the Engage! Desktop dock or desktop.
- Retain your personal information system when using NoteBook.

Features

- Desktop metaphor for quick access to apps and documents.
- Multi-level dock.
- Smart levels to hide and unhide running applications—very useful for smaller screen.
- True "drag-and-drop" behavior to copy, move or link files.
- Flexible dock positioning and layout.
- NoteBook compatibility to help you organize your Bookmarks and Page Bundles.
- Sort and search to manage and locate your dock's contents.
- "Flip" command shows and hides your dock's contents.
- Color tool to organize your work, project and documents.
- Built-in screen saver compatible with BackSpace modules.

Requires NEXTSTEP Release 3.1 or higher. Now shipping in Multi-Architecture Binary (MAB) format.
